```
1   function f(i) {
2       i = i | 0;
3       i = i+1;            Reachable Code
4       return i|0;
5       i = i+2|0;          Unreachable Code
6       return i|0;         added by Optimization
7   }
```
